

PROGRAMME DESCRIPTION

Environmental, Social and Governance (ESG) is one of the fastest growing segments of investment globally. Today, ninety-five percent of the Global Fortune 250 are reporting their CSR performances and ESG investing now accounts for one-third of the total U.S. assets under management.

This two-module programme will examine all areas of ESG investing. Starting with Module 1, the programme provides an overview of the fundamental principles of sustainable and responsible investing, ESG themes and factor and ESG activities and strategies. ESG screening and specialised funds are now part of a fast-evolving range of funds, investment classes and performance measures.

In Module 2, you will learn about the underlying factors in ESG assessment and how they impact ESG ratings and how ESG is deployed in the scoring and rating of firms and sectors. The ESG integration and screening process in which investors can target companies that drive and produce optimal ESG-led returns will also be examined.

LEARNING OBJECTIVES

By the end of the programme, participants will be able to:

Module 1

- Discuss responsible and Environmental, Social and Governance (ESG) investing
- Explain the objectives of ESG
- · Analyse the risks and opportunities of ESG investing

Module 2

- Describe ESG materiality and performance, as well as accounting issues
